Sedgwick County Supports TOP School

(Sedgwick County, Kansas) – The Sedgwick County Commissioners voted today in favor of supporting a loan agreement for The Opportunity Project (TOP). TOP was founded by a private donor in order to offer a quality daycare/preschool for economically disadvantaged children specifically in the Oaklawn and Sunview areas of Wichita and Derby.

TOP will initially offer services for approximately 100 children aged birth to 6 and will employ an estimated 28 teachers and staff.

“Sedgwick County is proud to be a part of this project,” said Chairman Ben Sciortino.

“TOP’s objectives to build the school for the benefit of children and to help enhance the Oaklawn and Sunview area show that they are a proactive organization. This is a great example of a group giving the community a hand up, not a hand out.”

For more information on The Opportunity Project call Janice Smith 219-4282.
